July 30, 1968

MEMORANDUM FOR COLONEL HANLEY, DIRECTOR, PROGRAM D

SUBJECT: Request for ONCART In-Storage Funds

25X1

Reference your [] dated 16 July 1968 on this subject.

FY 1969 program approval is hereby granted for [] for 1 October 1968 thru 30 June 1969 estimated Palmdale in-storage costs for the ONCART aircraft.

25X

Based on your memo, the contracting and funding for this in-storage effort will be thru CIA, and CIA is to reflect this approval as a separate line item "In Storage Costs" under the ONCART program in the FY 1969 financial records. This also assumes, as you stated, that all phasedown, preparation for storage, and in-storage costs thru 30 September 1968 will be handled under the LK-3600 support contract. I will reconcile with CIA the financing aspects of both the 1 July thru 30 Sept costs against LK-3600, and this approval, versus the ONCART unobligated balance as of 30 June 1968.
